

3 Ply NCR Paper Roll Slitter Rewinder

3 Ply NCR paper roll slitter rewinder is a pneumatic type paper roll slitter rewinder. It is automatic paper cutting, automatic magnetic powder tension control, touch screen operation data setting and PLC program control, frequency conversion speed regulation and full pneumatic operation, accurate cutting, reliable performance, simple operation and so on.

This machine is suitable for cutting paper products such as cash register paper, fax paper and ticket paper. The number of meters that need to be cut can be set directly on the touch screen.

Main data:

Name: 3 Ply NCR paper roll slitter rewinder

Model: PPD-3PLY900

Unwinding roll maximum width: 900mm

Unwinding roll maximum diameter: 1000mm

Minimum slit width: 20mm

Unwinding roll paper core diameter: 76mm

Maximum unwinding roll outer diameter :180mm

Core inner diameter:8-50mm

Maximum cutting speed 0-150m/min

Power supply:220V,50HZ,2.2KW

Air pressure :0.6Mpa

Machine dimensions 1700 × 1600 × 1600mm

Machine weight 1500KG

Features:

1. Digital tension control for each layer, 10 kg magnetic powder brake
2. Frequency converter frequency control, Siemens PLC, touch screen and Siemens electrical control system
3. Automatic marking device, automatic metering
4. Automatic air delivery and discharge device
