

## Automatic Pre Stretch Film Rewinding Machine

### **Model:PPD-PRE600**

Automatic pre stretch film rewinding machine is designed for rewinding stretch film jumbo roll into pre stretch sub roll and standard stretch roll.

Machine is able to add on the folding edge on the both side of pre stretch sub roll, and also able to be oscillating rewinding to make the loose sub roll by much bigger diameter.

It is with PLC program controlling, Inverter controlling motor with HMI to operate by full color of touch screen for ergonomics user friendly.

### **Technical data:**

Name: Automatic pre stretch film rewinding machine

Model: PPD-PRE600

Jumbo roll width: 600mm

Jumbo roll inner diameter: 3inch

Jumbo roll outer diameter: 500mm
